Nandini Mandaviya

B.Tech (Honours) – Information and Communication Technology with Minors in Computational Science

202201487@dau.ac.in nandini-mandaviya NandiniMandaviya

Education

Dhirubhai Ambani University 2022 - Present
***CPI**: 7.38* *Gandhinagar, Gujarat*

Bhulka Vihar School (GHSEB) 2021 - 2022
***Percentage**: 89.38 %* *Surat, Gujarat*

Bhulka Vihar School (GSEB) 2019 - 2020
***Percentage**: 87.67 %* *Surat, Gujarat*

Experience

Adit Microsys Pvt. Ltd. May 2025 – June 2025
Software Development Engineer *Ahemdabad, Gujarat*

- Technologies Used: ASP.NET Core, Entity Framework Core, MS SQL, Razor Pages
- Developed a full-stack ERP system with modules for Employee, Department, Designation, and Salary. Implemented complete CRUD functionality with robust form validation, model binding handling, and ModelState debugging. Integrated sorting, searching, and pagination in list views. Automated salary calculations and implemented logic for date/IP tracking. Managed database context configuration and EF Core migrations.

Projects

Patient Management System | *React.js, Material UI, CSS3, Node.js, Express.js, MongoDB*

- Our team of 10 built and deployed a digitised healthcare platform - SwasthyaSarathi with Agile methodology and complete documentation. Key contribution in frontend and documentation
- Guide: Prof. Saurabh Tiwari

Voice Liveness Detection Using Linear Frequency Residual Cepstral Coefficients, | *MATLAB, Kaggle*

- Worked on Voice Liveness Detection through 'pop noise' at Speech Lab, DAU. We tried to research effective solutions against spoofing attacks with the help of pop noise characteristics seen in Linear Frequency Residual Cepstral Coefficients using **Bi-LSTM classifier**.
- Guide: Prof. Hemant Patil

Technical Skills

Languages: C, C++, C, Python, SQL, HTML, CSS
Developer Tools: Git, VS Code, Visual Studio, MATLAB, Latex
Frameworks: React.js, Material UI, Bootstrap
Cloud/Databases: MS SQL, PostgreSQL
Soft Skills: Team Collaboration, Leadership, Problem Solving, Communication, Time Management
Coursework: Data Structures, Design and Analysis of Algorithms, OOPs, Computer Networks, Database Management System
Areas of Interest: Full Stack Development, Competitive Programming, AI/ML, Cloud Computing

Position Of Responsibility

Convener August 2024 – May 2025
Reader's Society

- Lead the organising team of the Reader's Society of DAU in the capacity of Convener

Achievements

- Co-author of the research paper titled "Voice Liveness Detection Using Linear Frequency Residual Cepstral Coefficients," published in APSIPA 2024.
